The Examiner noted that neither the specification nor the claims of application Serial No. 08/843,323 were suitable to support the subject matter disclosed and claimed in the present application. It is respectfully urged that the respective support is clearly provided by the disclosure of PCT/US 98/05615⁷⁾. Favorable action is respectfully solicited.

The Examiner asked that applicants provide information on any other possibly related application. Accordingly, applicants herewith enclose a supplemental Information Disclosure Statement which lists the art cited in co-pending divisional application Serial No. 09/840,488. Entry and consideration of the attached is respectfully solicited.

For completeness sake, it is also respectfully submitted that applicants will surrender the original ribboned copy of the patent as soon as all other issues in this application have been resolved.

In the event that the Examiner is of the opinion that further explanations or clarifications are necessary or desirable in this matter, applicants would greatly appreciate it if the Examiner would grant their representative the opportunity address such matters in a personal interview to facilitate the proceedings.
